Confirmation

I hereby declare that the indications provided herein are true and accurate and I instruct to execute the following change in strategy. I further confirm that I have read and understood the Regulations and General Terms and Conditions of the Foundation and that I accept their contents. **The currently valid Foundation Regulations and General Terms and Conditions are published on the liberty.ch homepage under the heading "Foundation Regulations/General Terms and Conditions".**

**Data exchange/
Authority to provide information**

I hereby release the Foundation and its representatives from all confidentiality obligations under Swiss law or any other applicable law which may prohibit the disclosure of such information (e.g. Article 62 FADP) and agree that the Foundation may share certain personal data of mine in accordance with the Privacy Policy. In particular, the data will be disclosed to provide the Foundation's products and services requested by me, but also for marketing purposes. I hereby authorise the Foundation and agree that it may also disclose my personal data to foreign recipients (e-mail communication, data centers) as part of the above-mentioned data disclosures. **The currently valid Privacy Policy is published on the liberty.ch homepage under the heading "Privacy Policy".**

Confirmation concerning risk check/ investments

I confirm that I have answered all questions truthfully and that the risk profile I have selected corresponds to my capacity for risk. My investment decisions were taken relying on my investment knowledge, investment objectives and investment horizon. I was not promised any returns on investments. Moreover, I am aware that the chosen investment horizon may be affected by events outside my control (e.g. termination of employment, disability, death, return to Switzerland). I am further aware that investments in securities and other assets can produce losses (e.g. on prices, interest rates and currencies) and that I alone carry that risk.

7. How long is your investment horizon with regard to the planned strategy?

| | |
|---|----|
| a) <input type="checkbox"/> 0-3 years → Your investment horizon generally corresponds to a low-risk investment strategy. | 0 |
| b) <input type="checkbox"/> 3-5 years | 2 |
| c) <input type="checkbox"/> 6-10 years | 4 |
| d) <input type="checkbox"/> 10 - 20 years | 10 |
| e) <input type="checkbox"/> over 20 years | 15 |

**Capacity
for risk**

Questions 8 and 9 serve to establish your capacity for risk taking into account your investment horizon.

8. As the following examples show, the higher the expected returns, the higher the risk; this therefore presupposes a higher capacity for risk. These examples are hypothetical and disregard the current market situation. Which of the following statements best applies?

| | |
|--|----|
| a) <input type="checkbox"/> You are not willing to accept fluctuations in asset values. → Your risk tolerance generally advises a low-risk investment strategy. | 0 |
| b) <input type="checkbox"/> You seek stable returns with limited fluctuations in asset value (e.g. investments may fluctuate between minus 5% and plus 5% per year). | 2 |
| c) <input type="checkbox"/> You are willing to accept a certain degree of annual fluctuation in asset value in order to achieve higher long-term returns (e.g. investments may fluctuate between minus 10% and plus 10% per year). | 4 |
| d) <input type="checkbox"/> You are willing to accept annual fluctuations in asset value in order to achieve higher long-term returns (e.g. investments may fluctuate between minus 15% and plus 15% per year). | 7 |
| e) <input type="checkbox"/> You are willing to accept high yearly fluctuations in asset value in order to maximise long-term returns (e.g. investments may fluctuate between minus 20% and plus 20% per year). | 10 |

9. Assume that you have opted for an investment involving a certain risk. After initial gains, your investment starts making a loss. How would you react assuming that your personal investment environment and time horizon under questions 1 to 7 have not significantly changed?

| | |
|---|---|
| a) <input type="checkbox"/> I would probably switch to a less risky investment. | 2 |
| b) <input type="checkbox"/> I would probably wait and only change after a drastic loss. | 4 |
| c) <input type="checkbox"/> I would probably hold on to my investment because I can basically accept temporary losses in price. | 6 |

Total points

Risk check evaluation

| Risk profile | Risk Level | Corresponding investment strategy |
|--------------|--|--|
| | Risk Level 1 <input type="checkbox"/> 0 – 20 points | Low risk: Your risk profile corresponds to a strategy geared to the long-term preservation of capital, without any significant fluctuation in asset values. The investment focus is therefore on a fixed-interest, value-preserving investment solution denominated in Swiss francs. Risk Notice: You should be aware that no strategy is entirely risk-free. Therefore, a value-preserving strategy can produce a negative performance. |
| | Risk Level 2 <input type="checkbox"/> 21 – 33 points | Conservative: Your risk profile corresponds to a conservative strategy targeting regular income, without entirely neglecting chances for slight price and/or exchange rate gains. Investments are weighted in favour of fixed-rate instruments such as bonds. The combination of a small equities allocation and a limited foreign currency content aims to build up assets in the long term while limiting fluctuations in asset value. Your appetite for risk allows an equity allocation of up to 25% or the low-risk investment strategy. |
| | Risk Level 3 <input type="checkbox"/> 34 – 46 points | Balanced: Your risk profile corresponds to a balanced strategy, targeting regular income and a higher long-term return. Asset allocation is balanced between fixed-term investments, equities and foreign currency. This is designed to ensure stable returns while taking advantage of opportunities for price and/or foreign exchange gains. The aim is long-term asset appreciation while accepting fluctuations in asset value. Your appetite for risk allows an equity allocation of up to 40%, or the low-risk investment strategy. |
| | Risk Level 4 <input type="checkbox"/> 47 – 60 points | Dynamic: The dynamic risk profile corresponds to a strategy targeting higher price and/or foreign exchange gains rather than regular income. Asset allocation is weighted in favour of assets with a higher foreign currency share. The aim is high long-term asset appreciation, accepting fluctuations in asset values. Your appetite for risk allows an equity allocation of up to 60%, or the low-risk investment strategy. With your risk profile, the extended investment opportunities under Article 50(4) BVV2/OPP2 and the Foundation's Investment Regulations are available to you. |
| | Risk Level 5 <input type="checkbox"/> 61 – 74 points | Growth: Your risk profile corresponds to a strategy where higher price and/or foreign exchange gains are more heavily weighted than regular income. Asset allocation favours assets (equities) with a high foreign currency share. The aim is high long-term asset appreciation hazzarding fluctuation in asset values. Your appetite for risk allows an equity allocation of up to 80% or the low-risk investment strategy. The extended investment opportunities under Article 50(4) BVV2/OPP2 and the Foundation's Investment Regulations are available to you. |
| | Risk Level 6 <input type="checkbox"/> 75 – 94 points | Capital gains: Your risk profile corresponds to a strategy where higher price and/or foreign exchange gains are significantly more heavily weighted than regular income. Asset allocation favours assets (equities) with a very high share of foreign currencies. The aim is high long-term asset appreciation, accepting significant fluctuations in asset values. Your appetite for risk allows an equity allocation up to a max. of 100% or the low-risk investment strategy. The extended investment opportunities under Article 50(4) BVV2/OPP2 and the Foundation's Investment Regulations are available to you. |

Choice of investment strategy

Based on my risk check and risk profile and taking into account the applicable Foundation Regulations, I hereby instruct the Foundation to apply the following investment strategy:

| Investment strategy | Low risk | Conservative | Balanced | Dynamic | Growth | Capital gains |
|---------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| Risk Level | 1 | 2 | 3 | 4 | 5 | 6 |
| Chosen strategy | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

Confirmation

I hereby confirm that I have answered all the questions truthfully, added up the points, and understood the risk profile and investment strategy corresponding to the total points. The investment strategy I have chosen

my risk profile not my risk profile

Reason for the deviation if the investment strategy is higher than the risk profile.

Declaration on email communication for “Multi Fund Invest” clients

Accountholder:

| | |
|---------------------------|--|
| Client number | |
| Name* | |
| First name* | |
| Street, no.* | |
| Postal code, place* | |
| Country* | |
| Date of birth* | |
| Phone no.* | |
| Authorized email address* | |

* Mandatory fields

The accountholder declares that, for each existing and future accounts/securities deposits held with one of the following foundations (Liberty Foundation for Vested Pension Benefits and/or Lealta Foundation for Vested Pension Benefits and/or Liberty Foundation for 3a Retirement Savings, each hereinafter referred to as “**Foundation**”) in respect to the product Multi Fund Invest (hereinafter referred to as “**MFI**”), he intends to communicate and exchange information and data by means of unencrypted emails and issue binding orders or instructions (hereinafter referred to as “**email communication**”). In this context, the accountholder accepts the terms and conditions of this Declaration regarding email communication (hereinafter referred to as “**Declaration**”) as binding for him.

1. Scope of the Declaration

This Declaration automatically applies (without further action) to every existing and future account/securities deposit of the accountholder with one of the above Foundations. The contractual partner of this Declaration is the above-named Foundation with which the accountholder has concluded a pension relationship for an account/securities deposit. Furthermore, this Declaration only applies in connection with the MFI product.

2. Account holder’s messages and orders to the Foundation

1 The account holder acknowledges that all messages, orders or instructions received by the Foundation from the authorized email address as the sender are deemed to have been written and authorized by him, regardless whether the email actually originated from him or not. At the same time, the account holder unconditionally acknowledges all transactions and changes booked to his accounts and securities deposits based on instructions received by email communication from the authorized email address.

- 2 Stock exchange orders sent by e-mail will only be considered for processing if they are sent from the authorised e-mail address of the sender and received exclusively in the inbox of **invest@liberty.ch**.
- 3 The account holder is aware that the Foundation only verifies that incoming emails are sent from the authorized email address in accordance with this Declaration. The Foundation does not perform any additional legitimacy checks.
- 4 The account holder accepts that email communication is processed during normal business hours on a best-efforts, non-priority basis. Furthermore, timely processing is not assured.
- 5 Subject to section 5 para.4 of this Declaration, all notifications, orders or instructions from the account holder received from the authorized email address as the sender will be deemed to comply with any regulatory or contractual formalities (e.g. written form).

3. The Foundation's messages to the account holder

- 1 Messages sent by Foundation to the account holder via the authorized email address are deemed to have been delivered with legal validity in addition to the relevant provisions of Foundation's applicable regulations and General Terms and Conditions.
- 2 The Foundation does not guarantee that an email received displaying a Foundation address as the sender (domain: "@liberty.ch") actually originates from the Foundation, in particular due to the risks set out in section 4 below.

4. Risks in connection with email communication

The account holder confirms to the Foundation that he is informed and aware that in particular

- email communication is transmitted unencrypted over an open and generally accessible network (internet), meaning that information can in principle be viewed by third parties and consequently an existing contractual relationship with the Foundation can be inferred;
- the transmission route is uncontrollable and can cross borders, even if the sender and the recipient are in the same country;
- unauthorized third parties can view, monitor and manipulate unencrypted emails unnoticed and with relatively little effort (e.g. by falsifying identities and changing email content);
- recipients have no way to check the integrity and completeness of the sender and the content of an email;
- data protection cannot be guaranteed;
- email communication may be delayed or interrupted as a result of transmission errors, technical faults, interruptions, malfunctions, unlawful interventions, network overload or other failings by the network operator;
- emails may contain viruses with a considerable potential to cause damage.

5. Obligations of the account holder

- 1 The account holder is obligated to inform the Foundation immediately in writing (not by email) if the authorized email address is no longer valid for any reason or if there is a suspicion that unauthorized third parties have gained knowledge of or access to the authorized email address and could misuse the email system.
- 2 If the account holder intends to change the authorized email address, a new Declaration must be signed. The new Declaration will replace the previous authorized email address.
- 3 Notwithstanding the present Declaration, the Foundation is entitled (but not obligated) to require the account holder to provide proof of identity in another form (e.g. by signature or personal appearance).

- 4 The account holder acknowledges that, notwithstanding this Declaration, he must comply with the formalities stipulated in the regulations or contract in order to ensure the validity of certain transactions. Such transactions include, notably, the payment of pension benefits, the transfer of pension assets to another recognized occupational/restricted benefits institution, risk profiling or changes in investment strategy. In addition, at the request of the Foundation, the account holder must also comply in advance with the formalities stipulated in the regulations or contract in all other transactions.
- 5 Any losses incurred by the account holder because of non-compliance with the formalities required by the Foundation shall be borne by the account holder.

6. Interruption or termination of email communication

The Foundation reserves the right to interrupt or terminate email communications with the account holder at any time at its sole discretion and without reason. The Foundation assumes no liability for any damages resulting from such an interruption or termination.

7. Responsibility and liability

- 1 The account holder hereby assumes responsibility for all risks and consequences in connection with email communication, in particular (but not limited to) the risks set out in section 4 of this Declaration, such as manipulation, transmission errors, malfunctions and interruptions of online email services, or any other Internet deficiencies.
- 2 The Foundation excludes - to the extent permitted by law - any liability for direct, indirect or consequential damages which arise or could arise for the account holder from or in connection with the use of email communication.

8. Release from the duty of confidentiality

Communication via email allows unauthorized third parties to infer the existence of a business relationship between the account holder and the Foundation. The account holder therefore expressly releases the Foundation and its governing bodies, representatives, and agents, from all applicable statutory confidentiality obligations (Article 62 of the Federal Data Protection Act "DSG/LPD" and, to the extent applicable, Article 86 of the Federal Act on Occupational Retirement, Survivors', and Disability Pension Plans "BVG/LPP").

9. Duration and termination of this Declaration

This Declaration comes into force when signed by the account holder and may be terminated by either party at any time in writing (not by email). However, the Declaration expires automatically (without further action) upon the occurrence of an event pursuant to Article 35 of the Swiss Code of Obligations (e.g. loss of legal capacity or death), but at the latest from the time at which all the account holder's accounts/securities deposits are balanced and no further business relationship exists with the Foundation.

10. Miscellaneous

- 1 The Foundation may amend the terms of this Declaration at any time. The Foundation shall notify the account holder of any changes in writing or by other suitable means. Failing any objection within one month of notification, the account holder is deemed to have accepted the new provisions.
- 2 In all other aspects, the valid regulations (pension fund regulations, investment regulations, rules of procedure, fee schedules and any other regulations) and the General Terms and Conditions of the Foundation apply.

11. Governing law and jurisdiction

Governing law and place of jurisdiction are in accordance with the relevant provisions of the Foundation's applicable pension regulations.
